MINNET AND COMPANY

(Established 1898.)

Manufacturers of Willow Furniture

Factories, Carlstadt, N. J., and West 40th Street, New York City.

THE CHIEF ADVANTAGES OF WILLOW FURNITURE ARE:

Durability, style, lightness of weight and moderate cost. For a number of years we have been supplying the most exclusive houses, clubs and hotels throughout the country. We guarantee our Willow Furniture to be satisfactory in every detail and do our utmost to gain and keep the confidence of our patrons.

In these days the surroundings of our home exert an influence greater than we realize, and it therefore follows that whatever contributes to the cheerfulness and comfort of those surroundings we owe it to ourselves to possess. Willow in its natural white state gives a breath of cheerfulness. Its constant suggestion of cleanliness and freshness adds to the attractiveness of any home and creates an artistic atmosphere that soothes the senses and gives a touch of genuine comfort. Owing to the durability, cleanliness and moderate cost of Willow Furniture, the American people have come to regard it as the ideal furniture for both in and out door use.

The MINNET WILLOW FURNITURE is made entirely by hand, from the long, pliable Willow that grows at its best in France, by expert workmen. We are one of the few American manufacturers who import this raw material direct, which makes possible the extremely low prices quoted in this catalogue.

CUSHIONS.

Although the Willow alone makes very comfortable chairs and sofas, there are many people who desire cushions that exactly fit the seats and backs. It is very difficult for an amateur to make these, so, when requested, we gladly furnish them. Such cushions are helpful in carrying out the color scheme in various rooms and add a touch of color to porch furnishings. We have a large range of different shades in plain denims, and an excellent line of exclusive cretonnes, at reasonable prices.

Seat cushions covered in denim for ordinary sized chairs are each; back cushions are each. Seat cushions for couches and settles are to each. For cretonnes there is an additional charge according to the price per yard. It requires 1½ yards 36 inches wide for each seat cushion, and 2½ yards for seat and back. Seat cushions for settles, 4½ yards. *The prices quoted in the catalog are without cushions.*

Our cushions are what is known as "box cushions," filled with a soft silk floss, which does not mat, 2½ inch border, buttoned and sidestitched. We do not hesitate to state that our patrons will find the additional expense of cushions an especially good investment, as they add materially to the comfort and attractiveness of this class of furniture.

Seat cushions filled with hair for chairs are in plain denim; for couches and settles to each.

ROCKERS.

Owing to limited space, we show nearly all chair patterns. Rockers may be had to match any chair at an additional cost of per pair. Pocket and wide flat arm can be furnished on any chair or sofa (not so shown) at an additional cost of

REMITTANCES.

Out-of-town orders should include draft on New York City, Post Office Money Order, or Express Order. If a charge account is desired, two New York City references should be mentioned.

SPECIAL SIZES AND PRICES.

Prices and estimates for special sizes and styles, different from these catalogued, given on application.

COLORS OF FINISH.

The Willow in the natural white harmonizes with almost any scheme of furnishing, and is very durable. However, we finish all pieces any color desired, either in gloss or dull effect, at an additional cost of each for chairs and tables or ordinary size, and to each for couches and settles. The regular stains are willow and forest green, light or dark brown, sealing wax red, yellow, mahogany, silver gray, etc. To enamel costs double the price of stain.

NO PACKING CHARGES.

All goods properly packed so as to insure safe delivery.
Samples of cretonne sent on request.

MAKERS OF

Quality Willow Furniture

HIGHEST GRADE OF IMPORTED FRENCH WILLOW USED IN BUILDING ALL PIECES

We specialize in making this furniture for interior use

Rockers can be attached to any four-leg chair design at an additional cost of 75c. This applies to chairs shown in catalogue (not special advertised piece).

PRICE FOR WHITE ENAMELING ON APPLICATION.

FREIGHT

We prepay freight charges on all orders amounting to $25.00 or over to points within a radius of 500 miles. On orders of $75.00 or over free all over the United States. This applies to the catalogue prices only. We do not prepay freight on special advertised pieces.

STAINING

In staining the different pieces we use only the oil colors (prepared in our own painting department). As a finishing coat use either the glossy or dull wax varnish. Chairs, etc., treated in this manner have a greater artistic value than the ordinary wafer color stains so often used.

UPHOLSTERY

DENIM COVERINGS OR OWN GOODS.

Regular Chairs—Seats..... $1.50 Regular Chairs—Backs..... $1.25

Settles—Couches.....$5.00 to $7.00

Charge for Cretonne, Tapestry or Velour, etc., depends on the cost per yard of the material. It requires for chairs—seat, 36-inch goods, 1½ yards; back, 1 yard; 50-inch material, seats, ⅞ yard; back, ½ yard; settles, 4 to 5 yards. Quantity used is added to the charge for the denim made cushions.

We use only the pure silk floss as a filling, made with a 2½-inch box border. Each cushion is fitted to the particular chair in which it is to be used. All cushions are made reversible.

In making up cushions in your own material, cost of a seat is $1.50, and back cushion, $1.25.
